THIS CASE IS OF INTEREST TO ANC 6E and ANC 1B

Oral and Written Testimony

- All who wish to testify in this case are **strongly encouraged** to sign up to do so **at least 24 hours prior to the start of the hearing** on OZ’s website at <https://dcoz.dc.gov/> – see below: *How to participate as a witness – oral statements*.
- All written comments and/or testimony **must be submitted to the record at least 24 hours prior to the start of the hearing** – see below: *How to participate as a witness – written statements*.

S Street Village, LLC (the “Applicant”) filed an application (the “Application”) on September 13, 2021, requesting that the Zoning Commission for the District of Columbia (the “Commission”) approve an amendment to the Zoning Map for Lots 88, 108, 110, 810, and 811 in Square 442 (the “Property”) from the RF-1 zone to the ARTS-2 zone.

PROPERTY

The Property consists of approximately 22,144 square feet of land area in Square 442 along the south side of S Street, NW. The Property is located immediately to the southeast of the Shaw-Howard University Metrorail station.

COMPREHENSIVE PLAN

The General Policy Map of the Comprehensive Plan (the “CP”) designates the Property in a Neighborhood Enhancement Area, which applies to neighborhoods with substantial amounts of vacant residentially zoned land, for which new development should improve the real estate market, reduce crime and blight, and attract complementary new uses and services that better serve the needs of existing and future residents. The CP’s Future Land Use Map designates the Property for Mixed Use -- Medium Density Residential / Medium Density Commercial, which contemplates neighborhoods with a mix of mid-rise apartment buildings with retail, office, and service businesses as the predominant uses. Areas with this designation generally draw from a citywide market area. The CP identifies the RA-3 zone as the medium-density residential zone, and the MU-8 and MU-10 zones as medium density commercial zones, although other zones may apply.

The Property also falls within the area covered by the *DUKE – Development Framework for a Cultural Destination District within Washington, DC’s Greater Shaw/U Street* (the “Duke Plan”) and the Convention Center Area Strategic Development Plan Small Area Plans.

EXISTING AND PROPOSED ZONING:

The Application's proposed rezoning for the Property to the ARTS-2 zone would expand opportunities for multifamily development and certain non-residential uses at the Property. The proposed rezoning would also change the development standards for the Property, including the following:

	Current RF-1 Zone	Proposed ARTS-2 Zone
Maximum Height	35 feet and 3 stories (40 feet for three or more concurrently developed lots)	65 feet (70 feet for IZ developments)
Density	<u>Minimum Lot Dimensions</u> Minimum Lot Width (ft.) <ul style="list-style-type: none">- 18 (row dwelling or flat)- 30 (semi-detached dwelling)- 40 (all other structures)- 18 (IZ¹ developments) Minimum Lot Area (sq. ft.) <ul style="list-style-type: none">- 1,800 (row dwelling or flat)- 3,000 (semi-detached dwelling)- 4,000 (all other structures)- 1,500 (IZ developments)	<u>Floor Area Ratio (FAR)</u> 3.5 (4.2 for IZ developments), of which a maximum of 1.5 FAR may be devoted to non-residential uses *Building that includes 3.0 FAR or more devoted to residential use is entitled to 0.5 FAR bonus
Maximum Lot Occupancy	- 60% (detached dwellings; semi-detached dwellings; row dwelling and flats, places of worship, or conversions to apartment houses) - 40% (all other structures)	- 80% (residential) - no maximum (all other uses)
Minimum Rear Yard	20 feet	15 feet
Minimum Green Area Ratio	N/A	0.30

SETDOWN

The Office of Planning ("OP") filed a report dated November 5, 2021 (the "OP Setdown Report") recommending that the Commission setdown the Application for a public hearing. The OP Setdown Report concluded that the Application's proposed map amendment would not be inconsistent with the CP as it allows for mixed medium-density residential and commercial uses, unlike the current RF-1 zone, which is a moderate-density residential zone that is inconsistent with the CP. OP found that the proposed map amendment "would prioritize future development of the site with a mix of medium density residential and commercial uses, including a desirable depth of affordable housing, minimum displacement, and transportation access to opportunities for its future residents." See OP Setdown Report at p. 19

IZ PLUS

OP also found that the site and rezoning request were appropriate for IZ Plus. Under IZ Plus a property will be required to set aside a larger percentage of residential floor area for affordable housing than the regular IZ set aside. IZ Plus is based on the increased density resulting from the rezoning.

¹ "IZ" refers to Inclusionary Zoning.

At its November 18, 2021 public meeting, the Commission voted to set down the Application for a public hearing as a contested case.

The Applicant submitted its prehearing submission on November 24, 2021.

The complete record in the case, including the Applicant's filings and the OP Setdown Report, can be viewed online at the Office of Zoning website, through the Interactive Zoning Information System (IZIS), at: https://app.dcoz.dc.gov/CaseReport/CaseReportPage.aspx?case_id=21-15.

The virtual public hearing will be conducted in accordance with the contested case provisions of Subtitle Z, Chapter 4 of the Zoning Regulations (Title 11, Zoning Regulations of 2016, to which all references are made unless otherwise specified) as well as the text adopted by the Commission on October 15, 2020, in Z.C. Case No. 20-11, as printed in the Notice of Final Rulemaking published in the *D.C. Register* on October 30, 2021.

How to participate as a witness – oral presentation

The Commission also requests that all witnesses prepare their testimony in writing, submit the written testimony prior to giving statements, and limit oral presentations to summaries of the most important points.
